leading the way

Fredericksburg Regional Autism Action Group (FRAAG)

Resource Directory

January 2012

This guide is an initial product of a coalition of individuals, families, and representatives of public and private entities with an interest in increasing awareness and resources related to autism spectrum disorders.

The alphabetical contact listing was compiled from suggestions from many different sources and will be updated as more information becomes available.

For the user of this guide, the FRAAG does not provide endorsement for any organization or provider of service listed in the directory. Please remember that not every resource may be appropriate to your needs. The responsibility of looking into the services available to determine reliability and effectiveness rests with the user of the directory, and FRAAG does not assume any liability or responsibility in this regard.

Your feedback, suggestions, additions, and corrections to this document are very much appreciated! With your input, we will revise and improve this effort. To provide input, or to participate in a FRAAG meeting, please contact Rachel Reynolds at Commonwealth Autism Service at rreynolds@autismva.org or 1-800-649-8481.

Mission Statement

Virginia's Autism Action Group's mission is to provide leadership in the implementation of a regional system of services and resources to maximize the potential and quality of life of each individual with autism spectrum disorders and their families, across the lifespan.

CSA/FAPT/CPMT – Services for At Risk Youth

The Comprehensive Services Act is a system of services and funding addressing the strengths and needs of at-risk youths and their families. Local FAPT teams decide what services might meet the needs of an individual and/or family. Services can include counseling, respite, mentors, support, educational programs, etc. PARENTS MAY SELF-REFER TO FAPT or contact school or service case manager for a referral.
