

COMMONWEALTH *autism* SERVICE

leading the way

Rappahannock – Rapidan Autism Action Group

Resource Directory

Updated - May 2011

This guide is an initial product of a coalition of individuals, families, and representatives of public and private entities with an interest in increasing awareness and resources related to autism spectrum disorders.

The index and alphabetical contact listing were compiled from suggestions from many different sources and will be updated as more information becomes available.

For the user of this guide, please remember that not every resource may be appropriate to your needs. The responsibility of looking into the services available to determine reliability and effectiveness rests with the user of the directory, and the participants in the Rappahannock-Rapidan Autism Action Group do not assume any liability or responsibility in this regard.

Your feedback, suggestions, additions, and corrections to this document are very much appreciated! With your input, we will revise and improve this effort.

To provide input, or to participate in a RRAAG meeting, please contact Carol Minter, Community Outreach Coordinator, at Commonwealth Autism Service at cminter@autismva.org or 1 (800) 649-8481.

Mission Statement

Virginia's Autism Action Group's mission is to provide leadership in the implementation of a regional system of services and resources to maximize the potential and quality of life of each individual with autism spectrum disorders and their families, across the lifespan.
